

CITY OF MACOMB
LIQUOR LICENSE APPLICATION

For questions or further information, contact:

Office of the Mayor
CITY OF MACOMB, ILLINOIS
P.O. Box 377 Macomb, IL 61455
Phone: 309-833-2558
email: mayor@macomb.com

This is a brief summary of the steps involved in the liquor license application process. Please contact the Mayor's Office (833-2558) or the City Attorney's Office (833-4373) if you have any questions.

1. The applicant should first read the current Macomb Liquor Code to determine whether it (usually a corporation) is eligible to hold a local license and can meet all applicable qualifications. If the applicant believes it has met, or can meet, the licensing qualifications, then it must submit a fully completed and notarized application (with the requested documentation) to the Mayor (who is the local liquor commissioner), along with the non-refundable application fee, which is currently \$500.00. Please be sure that you will either own or lease the property for the duration of the license term.
2. After the Mayor receives the application and supporting documents, the Macomb Police Department performs a criminal background investigation of the applicant (including all corporate officers owning 5% or more of the stock) and its resident manager. The City's Building & Zoning Department staff places a sign on the applicant's property in order to notify the general public of the pendency of the application. The Liquor Commissioner sets a public hearing and sends a written notice to the property owners residing within 250' (at least) of the applicant's property about the pending license application.
3. In Macomb, the City Council decides whether to create a new liquor license, and the Mayor decides whether a newly created license should be issued. Once the necessary background investigation is completed, and the residents have been notified, the Mayor requests that the new license application be placed on the City's meeting agenda - for discussion of the application and for consideration of, and decision on, an ordinance to create a new license.

The application is then discussed at two Council meetings and at one or more committee meetings. At these meetings, the applicant may be asked to clarify the statements in its application, to discuss its business plan, and/or to provide additional personal or business information or documents. At the council meetings, an ordinance to create a new liquor license is presented for first and second readings. A public hearing is held to discuss the propriety of creating the requested license; at this hearing, the neighboring property owners and the general public share their opinions about the propriety of creating and issuing the new license. The applicant and its proposed resident manager should attend all meetings, especially the first Council and committee meetings. They should be prepared to discuss the proposed business operation, the staffing and training of staff, their plans for crowd and litter

control, their plans to obtain BASSET certification, etc.

4. If the City Council subsequently votes to not create the requested license, the applicant may appeal that decision. However, if the Council votes to create it, the Mayor will have 30 days to decide whether it is in the best interest of the community to issue it. If the newly created license is not issued within that time, it lapses.
5. Please note the following:

Class R license holders must derive at least 60% of total revenue from the sale of food and non-alcoholic drinks. Total revenue includes food sales, alcohol sales, general merchandise sales, other service sales and the licensee's share of the net terminal income from video gaming.
6. **Please remember the licensing process takes approximately 60-90 days.**
7. Please remember to have all signatures notarized.
